To: Whom it May Concern:

This is an invitation for your participation and/or contribution to the success of the 5th Annual Cuney Homes Community Health Fair to be held on Saturday, March 31, 2012 from 11am-3pm by the Collegiate Cancer Council. We are a student-run, non-profit organization with a mission to educate the public about cancer, influence health policy and eliminate health disparities. During this annual health fair we usually serve at least 250-300 individuals and families.

The purpose of the health fair is to raise health and cancer awareness among the residents and the Greater 3rd Ward community of Houston by providing services, such as: FREE cholesterol screenings, blood pressure, glucose screenings, vision screenings, immunizations, dental screenings, health education, consultations with various health professionals, entertainment and so much more. We hope to empower the residents of Cuney Homes through health education and disease prevention resources so that they will be equipped to make healthy decisions in their lives.

We will be giving away door prizes as an incentive to attract residents to attend and stay at the health fair. Your contribution of time, knowledge and service will allow us to further our commitment of "Changing Lives, One Community at a Time." Thanks in advance for your time and we look forward to hearing from you soon.

Sincerely,

Jameisha (Meisha) Brown

President & Health Fair Coordinator
Collegiate Cancer Council-UH Chapter
